DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 2-22, 24-42, 49 and 56 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

With respect to claims 2, 15 and 24, a claim can only be one sentence. There are extra periods in the claims. The claim must end with a period.

With respect to claims 4-14 and 26-35, it is not clear which of the claims listed these claims are to depend from. For example in claim 4, it should read "The method defined in claim 3, wherein a board produced has.... " in order to correct this problem and provide proper antecedent basis.

Words in the claims cannot be in parentheses, therefore the parenthese around multi-ply bamboo needs to be removed.

Allowable Subject Matter

3. Claims 1, 23, 43-48 and 50-55 are allowed.
4. Claims 2-22, 24-42, 49 and 56 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Art Unit: 1732

5. The following is a statement of reasons for the indication of allowable subject matter: The prior art does not suggest the combination of the specific cutting of the bamboo, softening and drying steps.
